V. Navigating Screen

The application includes several screens that can be accessed through the navigation drawer icon in the upper left corner of your screen. These screens include:

To access these screens, simply tap the navigation drawer icon and select the screen you want to view.
a.) Home / Dashboard
*See III. Dashboard Screen for reference*

b.) Favorites

To add an item to your favorites list, simply click the heart-shaped button on the item. To remove an item from your favorites list, click the heart button again.

c.) Order History

The Order History Screen is a valuable tool that provides a detailed overview of your

purchases, displaying information such as order date, item(s) purchased, price, and delivery status. This feature lets you easily track your ongoing and past orders, making it simpler to manage your account and stay organized.

d.) Address
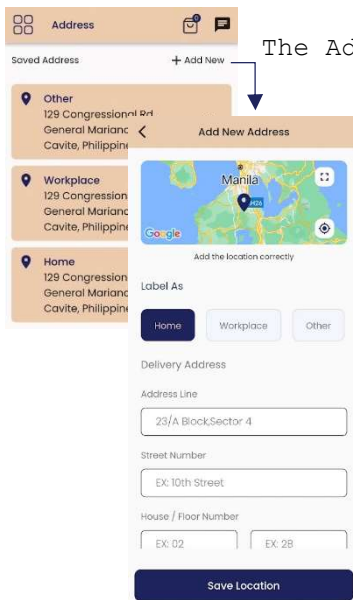

The Address Screen is a convenient feature that allows you to easily manage your saved addresses. With this tool, you can quickly view all of your saved addresses in one place and edit or delete them as needed. By using the Address Screen, you can save time and streamline your account management, ensuring that your shipping and billing information is always up-to-date.

e.) Coupon

The Coupon Screen provides a simple way to view and apply your available discount codes. Additionally, to copy a coupon code, you can simply long press on the code and it will be automatically copied to your clipboard.

f.) Settings
To activate the dark theme, simply toggle the switch to "on."

Account Deletion Process:
Before proceeding with the account deletion process, please note that this action is irreversible and will permanently delete your account and all associated data. To delete your account, follow the steps below:

1. Navigate to the Settings Screen and click on the "Delete Account" button.
2. You will then be prompted to confirm your selection by clicking "Yes".

g.) Terms and Conditions

h.) Privacy Policy

PRIVACY POLICY

j.) FAQ

1. Q: What is a pharmacy e-commerce app?
   A: A pharmacy e-commerce app is a software application that allows users to purchase prescription and non-prescription medications, as well as other healthcare products, through an online platform. The app typically has features such as the ability to view product information, create a personal account, and place orders.

2. Q: How do I create an account on the pharmacy e-commerce app? A: To create an account on the pharmacy e-commerce app, you typically need to provide some personal information such as your name, address, and contact details. You will also need to create a email address and password to access your account. Email verification is also required.

3. Q: Can I order prescription medications through the pharmacy e-commerce app? A: Yes, you can order prescription medication, but you need to provide a valid prescription from a doctor upon placing your order. Fo this matter you can cotact us trough this app to send a copyu of your prescription

4. Q: How do I pay for my order on the pharmacy e-commerce app? As of the moment, we only allow acash payment

k.) Logout
   To sign out, follow the steps below:
1. Open the navigation drawer
2. Click the "Logout:" Button.
2. You will then be prompted to confirm your selection by clicking "Yes".
VI. Profile Screen

Updating Profile Process:

1. Open the navigation drawer by tapping the icon in the upper left corner of the screen.
2. Tap on your name or avatar to access your profile page.

3. Review your personal details and tap the "Edit" button if you need to make changes.
4. Update the fields you want to change.
5. Tap "Save" to save your changes.

I. Dashboard Screen

Welcome, Great Budget Drugstore
Monitor your business analytics and statistics

Business Analytics | Overall Statistics

Pending **1**

Confirmed **4**

Packaging **0**

Out for delivery **3**

Delivered **19**

Canceled **1**

Returned **1**

Failed To Deliver **1**

Order Statistics — This Year | This Month | This Week

Order Status Statistics

30 Orders

- Pending (1) ● Ongoing (7)
- Delivered (19) ● Canceled (1)
- Returned (1) ● Failed (1)

The admin dashboard provides a comprehensive overview of the business analytics and statistics, including:

- Business analytics
- Order statistics
- Order status statistics
- Earning statistics
- Recent orders
- Top-selling products
- Most-rated products
- Top customer lists

These features allow the administrator to track and monitor the performance of the business, identify trends, and make informed decisions based on the data.

II. POS Screens

Process:

1. Click on an item and set the desired quantity.
2. Click the "Add" button.

3. Set the customer for the order.
4. Select a branch.
5. Apply any extra discounts, if available.
6. Choose a payment method.
7. Click the "Place Order" button.
8. Print the order receipt.

View POS Orders from the orders screen under POS.

III. Order Management Screens

The Order Management screen allows you to view, sort, and filter all orders based on their status, which include pending, confirmed, packaging, out for delivery, returned, failed, and canceled. You can also perform other actions such as changing payment status, adding a reference code, viewing order details, assigning a delivery man, and viewing customer and branch information related to each order number.

IV. Product Management Screens

The product and category setup screen provides a centralized location for managing all products and categories. Users can easily view, add, edit, and delete products and categories. The screen also provides options for setting the status of a product or category and designating a product as one of the daily need items. This enables efficient and organized product and category management.

V. Promotion Management Screens

The promotion management screen is a powerful tool that allows businesses to attract and retain customers by offering discounts and promotions. It includes a variety of features such as setting up banners, creating coupons, and sending notifications to customers. With this tool, businesses can create targeted promotions that are tailored to the needs and preferences of their customers.
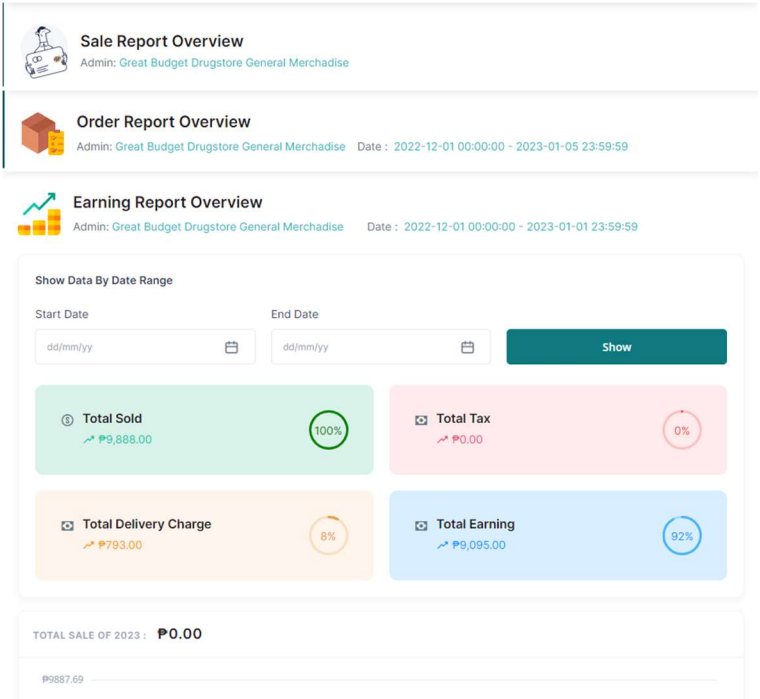

SL	Banner Image	Title	Banner Type	Status	Action
1	GROCERY & STAPLES	Test	Category : beverages	⬤	✏️ 🗑️

VI. Help & Support Section Screen
      The messages screen provides a convenient and efficient way to communicate with customers. One common transaction on this screen is the application of special discounts for senior citizens and PWDs, where customers can send their proof of identification to avail of the discount. Additionally, customers can send their proof of payment through this screen to facilitate the processing of their orders. The messages screen also allows for real-time customer support and addressing of customer concerns and inquiries

VII. Reports and Analytics Screens

Sale Report Overview
